1. Soviet Air Force personnel are the second most important Soviet military group in the Port Arthur-Dairen area, the first being Soviet submarine engineers and submarine crew members.
2. Former Japanese airfields on the Kuantung Peninsula have been enlarged and modernized and some new airfields have been constructed. Not only compulsory Chinese labor was used in this airfield construction, but also some Russian emigre labor, prior to the departure of the emigres to the USSR.
3. Soviet authorities in Dairen and Port Arthur consider the area a "first class" Soviet air base as well as a Soviet submarine base.
